BURLINGTON
CAREER PATHWAYS

Easily integrate career exploration into your curriculum at an appropriate level for your students with **CAREER EXPLORATION & SOFT SKILLS**, a blended course for Beginner, Intermediate, and Advanced levels.

The course is designed to help students:

- Plan their career pathways and explore career options
- Gain the soft skills necessary to find a job and succeed in the workplace
- Learn about educational and training opportunities

Special Features

- Focus on the concept of career pathways and career development.
- Extensive coverage of key interpersonal skills, personal qualities, and workplace skills based on the U.S. Department of Education's Employability Skills Framework.
- Practical support for teachers to help students explore career clusters and make possible career choices.
- Activities and job planning worksheets help students plan a logical career path.

The CAREER EXPLORATION & SOFT SKILLS course has two parts:

Part A: Exploration

Students learn about career pathways, career clusters, and how to make informed career and education choices.

Students gain in-depth knowledge about the 16 career clusters and the types of jobs in each cluster.

Job cards provide information about more than 170 in-demand jobs. Each card features job duties, skills and abilities, and requirements.

Career ladders for every job show potential career pathways.

Part B: Soft Skills

Students develop the essential interpersonal and workplace soft skills necessary to succeed in their chosen career.

Students learn the important personal qualities and interpersonal skills needed for workplace success.

Key soft skills include:

- Taking initiative
- Showing integrity
- Communicating verbally
- Working independently
- Using and improving systems
- Using technology
- Managing time
- Organizing information
- Respecting differences
- ... and many more
